

Australasian Society of Aerospace Medicine

Conferences and Keynote Presentations

Date	Venue	Title	Keynote Presentations
2020	Hobart	Cancelled (COVID-19)	
2019	Sydney	Celebrating the diversity of aerospace medicine in Australasia	John Lane Oration: Dr Thomas Smith Human physiology in flight Patterson Trust Lecture: Capt Dave Fielding The right stuff: curse of the modern pilot
2018	Alice Springs	The Beating Heart of Aviation Medicine	John Lane Oration: Sam Bailey You don't need wings to fly Patterson Trust Lecture: Dr John Caldwell Sleep: its not just for sissies anymore
2017	Queenstown (Hosted by AMSNZ)	Horizon Scanning - Improving Aeromedical Risk Management	John Lane Oration: Dr Robert Thirsk Surviving and thriving in space Patterson Trust Lecture: Dr Anthony Wagstaff Just culture or trust culture? Aeromedical decision-making on the horizon and beyond
2016	Townsville	Aerospace medicine: spanning the globe	John Lane Oration: Dr Anthony Evans Managing public health events in the aviation sector Patterson Trust Lecture: Dr Kevin McCauley The brain and recovery: An update on neuroscience of addiction
2015	Adelaide	From Rocket Science to Brain Surgery - Aerospace Medicine and the Neurosciences	John Lane Oration: Dr Gilles Clément Neuroscience in space Patterson Trust Lecture: Dr John Roberts Changes in air traffic control - will air traffic controllers have to change the way they think?
2014	Brisbane	Aeromedical Retrieval: Working Together	John Lane Oration: Colonel Jeff Brock

	(Co-hosted - ASA & FNA)		Forensic Aspects of Aviation and Transportation Accidents: The role of aviation and specialist medicine Patterson Trust Lecture: Dr Len Thompson Fulfilment: Reflecting on 64 Years in Aviation & Medicine
2013	Hong Kong	In for the long haul	John Lane Oration: Captain David Evans Command Under Duress Patterson Trust Lecture: Dr Rob Lee: Human Factors in Aviation Safety – The state of play in 2013 and beyond
2012	Melbourne	International Congress of Aviation & Space Medicine	Andre Allard Lecture: Dr Jonathon Clark John Lane Oration: Major Glenn Todhunter Patterson Trust Lecture: Professor Michael Bagshaw
2011	Newcastle	Keeping your eye on the ball	John Lane Oration: Dr Raymond Johnston From pancreas to pilots Patterson Trust Lecture: Associate Professor Peter Liu Hormonal, metabolic and reproductive consequences of disturbed sleep - relevance to pilots
2010	Canberra	The Heart of the Nation	John Lane Oration: Dr Andrei Catanchin Cardiac Arrhythmias – State of the Art Patterson Trust Lecture: Professor Rod Jackson Should we treat CVD Risk Factors or Total CVD Risk?
2009	Vanuatu	3 rd Rock from the Sun Chronic Diseases and the use of Drugs & Alcohol in Aviation	John Lane Oration: Assoc Prof William Griggs AM ASM Out of the fire and into the flying plane: have we progressed since Bali? Patterson Trust Lecture: Dr. Petra Illig Space Tourism: Where is the “Commercial” in Commercial Human Space Flight?
2008	Darwin	Frontiers of Aerospace Medicine	John Lane Oration: Dr James Vanderploeg Medical Considerations for Commercial Space Flight Patterson Trust Lecture: Mr Mike Allsop Every Great Journey Starts with One Small Step
2007	Busselton	Something in the Air	John Lane Oration: Professor Charles Watson (Executive Dean Health Services, Curtin University)

			<p>Avian influenza – understanding and managing the threat</p> <p>Patterson Trust Lecture: Professor Keith Petrie (Psychologist, University of Auckland)</p> <p>Controlling the psychological effects of an infective pandemic or bioterrorism</p>
2006	Launceston	A Flight of Ideas	<p>John Lane Oration: Robert R Ireland, USAF, MC, Chief Flight Surgeon, Program Director for Mental Health Policy Office of the Assistant Secretary of Defense (Health Affairs)</p> <p>Toward Sane Policies in Aerospace Psychiatry</p> <p>Post-Mishap Care of Aviators.</p> <p>Patterson Trust Lecture: Dr P Magalhaes</p> <p>Public Access Defibrillation and the Airline Business after 15 years. What did we learn? What is to come?</p> <p>Mental health and corporate crisis. Handling continuous stress in times of uncertainties.</p>
2005	Surfers Paradise	Asleep In The Sun	<p>John Lane Oration: Dr John Caldwell, USAF</p> <p>Fatigue Management in Sustained Operations</p> <p>Patterson Trust Lecture: Professor Philippa Gander</p> <p>Sleep, safety, and health: from science to safety management systems.</p>
2004	Adelaide	The Art of Aerospace Medicine	<p>John Lane Oration: Professor John West</p> <p>A Shortage of Oxygen: Lessons from the Summit of Mt Everest</p> <p>Pulmonary Function During Spaceflight.</p> <p>Patterson Trust Lecture: Dr Tony Evans</p> <p>Colour Vision Assessment and Aeromedical Certification</p> <p>Drawing the line – what is acceptable aeromedical risk?</p>
2003	Hamilton Island	100 Years of Powered Flight	<p>John Lane Oration: Richard S Williams MD,</p> <p>Extending life to there, Finding life beyond - John Lane Trust Memorial Lecture;</p> <p>Adverse effects of Gz in Civilian Aerobatic Pilots</p> <p>Patterson Trust Lecture: Col Mike Lischak</p> <p>Current Challenges to Aeromedical Evacuation in the USAF Pacific Air Forces</p> <p>Current Approaches to Fatigue Management in the Aviation Environment</p>

2002	Sydney	ICASM	Andre Allard Memorial Lecturer Dr Michael Long The Royal Flying Doctor Service: Where has it been and where is it going.
2001	Canberra	An Aerospace Odyssey	John Lane Oration: Dr Melchor Antunano Commercial Aspects of Space ravel Director Civil Aero medical Institute, Office of Aviation Medicine, Federal Aviation Administration Patterson Trust Lecture: Professor Michael Joy Cardiologist to the UK Civil Aviation Authority Whither the 1% rule
2000	Broome		John Lane Oration: Col David Salisbury CO Canadian Forces Environmental Medical Establishment Aspects of Pilot Selection
1999	Cairns	50 th Anniversary Conference	John Lane Oration: Assoc Prof Meng Kin Lim Aerospace Medicine in the New Millennium Patterson Trust Lecture: Dr Allan Parmet Medical Aspects of Passenger Travel
1998	Uluru		John Lane Oration: Dr Michael Bagshaw, Head of Medical Services, British Airways Cosmic radiation and its impact on commercial airline operations Patterson Trust Lecture: Dr Claus Curdt-Christiansen, Chief of Aviation Medicine, ICAO Recent developments in international civil aviation medicine; The world of aviation medicine as seen from Montreal.
1997	Maroochydore		John Lane Oration: Dr K Edgington, Chief Medical Officer CAS Gatwick Helicopter Aviation Medicine Patterson Trust Lecture: Colonel Doug Ivan, chief of ophthalmology consultant service, USAF School of Aerospace Medicine Modern colour vision issues in aviation Refractive Surgery in Military Aircrew
1996	Queenstown, NZ		John Lane Oration: Dr Claude Thibeault, Senior Director, Occupational Health Services, Air Canada

			Patterson Trust Lecture: Dr David Denison, Professor of Respiratory Medicine, Royal Brompton Hospital UK
1995	Adelaide	Safety in-flight	John Lane Oration: Colonel Frank Pettyjohn, Professor of Medicine, University of South Alabama Patterson Trust Lecture: Professor John Ernsting CB OBE, Retired Commandant Royal Airforce Institute of Aviation Medicine, England. Hypoxia revisited The gaseous life support system for an agile high altitude aircraft

For information relating to conferences prior to 1995, refer to the ASAM History Compendium

1994	Hobart
1993	Sydney
1992	Perth
1991	Great Keppel Island
1990	Auckland, NZ
1989	Cancelled (pilot strike)
1988	Brisbane
1987	Melbourne
1986	Canberra
1985	Perth
1984	Rotorua, NZ
1983	Adelaide
1982	Mackay
1981	Sydney
1980	Hobart
1979	Perth
1978	Christchurch, NZ
1977	Lyndoch, SA
1976	RAAF Base Richmond

1975	Surfers Paradise
1974	Rotorua, NZ
1973	Canberra
1972	Melbourne
1971	Benalla, Vic
1970	Melbourne
1969	Melbourne
1968	Melbourne
1967	Sydney
1966	Sydney
1965	Melbourne
1964	Melbourne
1963	Melbourne
1962	Melbourne
1961	Melbourne
1960	Melbourne
1959	Melbourne
1958	Melbourne
1957	Melbourne
1956	Melbourne
1955	Melbourne
1954	Melbourne
1953	Melbourne
1952	Melbourne
1951	Melbourne
1950	Brisbane
1949	Melbourne
